

# **The Celestia Theme**

v1.0.6

---

**Razik Ikhlef**

September 13, 2025

**mainface** Main font for text and titles (**Literata** by default)

**mainfaceoptions** Options directly passed to **fontspec** for the main font

**sansface** Sans-serif font for structural elements (**Inter** by default)

**sansfaceoptions** Options passed to **fontspec** for the sans-serif font

**monospace** Monospace font for code (**Roboto Mono** by default)

**monospaceoptions** Options passed to **fontspec** for the monospace font

**allserif** Uses the main serif font for mathematics

## Example

```
\usetheme[
  mainface=EB Garamond,
  mainfaceoptions={Scale=1.1},
  sansface=Montserrat,
  monospace=Fira Code,
  allserif
]{Celestia}
```

**maincolor** Main color used for titles and accents (**L<sup>A</sup>T<sub>E</sub>X** svgname or **HTML** hexadecimal code)

**accentcolor** Secondary color for special elements

**backgroundcolor** Slide background color (**F7F9FC** by default)

**codebackgroundcolor** Code block background color (**F1F3F6** by default)

**mainblue** Standard block color (**045549** by default)

**maingreen** Example block color (**054924** by default)

**mainred** Alert block color (**490445** by default)

**unicolor** Uses the main color for all text

## Example

```
\usetheme[
  maincolor=045549,
  accentcolor=E63946,
  backgroundcolor=FAFAFA,
  codebackgroundcolor=F5F5F5
]{Celestia}
```

**margin** Content margin (**2em** by default)

**frametitle** Title style (**elegant**, **plain**, **centered**)

**decorative** Enables decorative elements

**nodedecorative** Disables decorative elements

**centeredtitle** Centers the title on the title page

**titleright** Right-aligns the title

## Example

```
\usetheme[  
  margin=1.5em,  
  frametitle=centered,  
  decorative,  
  centeredtitle  
{Celestia}
```

**headstyle** Font family for titles: **rmfamily** (serif) or **sffamily** (sans-serif)

**headshape** Character style: **sc** (small caps), **it** (italic), **normal**

**headweight** Title weight: **bfseries** (bold) or **mdseries** (normal)

## Example

```
\usetheme[
  headstyle=sffamily,
  headshape=sc,
  headweight=bfseries
]{Celestia}
```

**codebox** Enables code framing with **tcolorbox** (**true** by default)

**nocodebox** Completely disables **tcolorbox** code framing

**nocodeframe** Keeps **tcolorbox** but without visible border

## Example

```
\usetheme[
  nocodebox,
  nocodeframe
]{Celestia}
```

**nofooter** Completely removes the footer, except for the slide number

**quatercirclefooter** Displays only the number in a quarter circle at the bottom right

**fullbarfooter** Creates a complete bar with author/title/date and number in a circle

## Example

```
\usetheme[
  quatercirclefooter
]{Celestia}
```

**compacttoc** Reduces vertical spacing between table of contents entries

**twocolumntoc** Automatically distributes sections across two balanced columns

## Example

```
\usetheme[  
    compacttoc,  
    twocolumntoc  
{Celestia}
```

**block** Standard block for normal content

**exampleblock** Block for examples

**alertblock** Block for alerts

## Standard block

Standard block content

## Example block

Example block content

## Alert block

Alert block content

**soberblock** The title adopts the main block color (mainblue/maingreen/mainred) on the document's general background, while the body keeps a slightly tinted background (10

**softblock** The title and body share the same slightly tinted background (10

## Example

```
\usetheme[
  soberblock % Colored title on document background
]{Celestia}
```

% or

```
\usetheme[
  softblock % Colored title on 10% background
]{Celestia}
```

**The standout option transforms a slide into a standout page, ideal for key moments in the presentation: striking quotes, essential figures, take-away messages**
